Vanilla Cream Whole Bean

Your support benefits **18 small coffee farmers** and their families and the laborers who work these farms and process the coffee!

Your support helps the Pastoral Team in their efforts for the poor on the mountainsides surrounding Berlin, El Salvador.

Profits from the coffee go directly back to the communities. Profits provide educational support, medical supplies, economic education, as well as some of the most basic human needs. Water collection systems benefit entire villages throughout the 6 month dry season.

Your support brings hope to literally thousands of people!
